## Mainline & Metros Endorsement of the Health, Safety and Environment Policy

In support of the Company Health, Safety and Environment (HSE) Policy, Mainline & Metros (MLM) commits to continuously improving its HSE performance.

Based on current activities and associated HSE impacts, MLM pledges to achieve world-class HSE standards by practicing the principles outlined below.

## **Principles**

- TO ADOPT a zero-tolerance policy to HSE incidents.
- 2 TO SUPPORT all commitments made within the Company HSE policy and to adopt and integrate them in to our working culture.
- To PROVIDE and maintain a safe, secure and healthy work environment for employees, customers, suppliers, contractors, partners, and visitors, and to go beyond or anticipate the evolution of laws and HSE requirements.
- TO ENSURE that the commitment to HSE is safeguarded and not compromised; this policy is made available to all stakeholders and interested parties (including employees, customers, suppliers, contractors, partners, and visitors) in order to promote HSE awareness, as well as the identification of any required HSE training.
- TO UNDERTAKE the necessary measures to mitigate the effects of design, manufacturing and services activities on the natural environment and limit the effect on climate change and the use of natural resources while taking into account the technological and economic viability of these measures.
- TO ESTABLISH meaningful and challenging goals to achieving world-class HSE performance.

On behalf of the MLM Division, the leadership team and all sites, I encourage you to personally commit to our Company HSE Policy and to the principles within this Divisional HSE Endorsement.
